## *Welcome friends...*

**Welcome to Briarwood Village!**

Briarwood Village is a continuing care community that offers five neighborhood lifestyle options all in one charming and convenient community. Each aspect of the community is designed for you and your changing needs. The exciting part? As your needs change, you can change your neighborhood ... and the level of services we provide.

Whether you have an active lifestyle, need a little daily support, or require 24-hour assistance, we're confident that one of our neighborhoods will be the perfect choice for your care and comfort. Briarwood Village focuses on providing a holistic, individualized approach to care. The individual's needs are honored by abandoning schedules and routines, and focusing on how they prefer to live their life.

Each neighborhood is centered around a welcoming Main Street, complete with a post office, café, barbershop, beauty shop and more. There's even a library, chapel, fitness center and walking paths. It's everything you need to make Briarwood Village your home.

But most important, our complete community is managed and staffed by compassionate individuals who understand your goal to live a life as independently as possible, with the happiness and care you deserve.
